# Woodcreek Wind

Summer 2020

## President's Letter

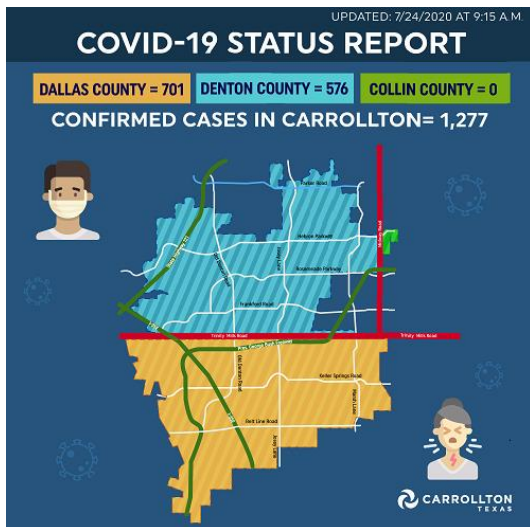

The Woodcreek Neighborhood Association Board of Directors is following the CDC guidelines and is not meeting in person during the COVID-19 crisis. Yet, we continue to work on your behalf to better our neighborhood.

The safety of our neighborhood is a top priority. We've discussed the idea of security cameras at our entries. I met with a company and I know that for now, this is not something we can afford as we are a volunteer neighborhood association (we don't have mandatory dues). We have four entries into our neighborhood and two cameras per entry are required. Each camera set up would be \$2,000 per year or \$16,000 per year to secure all entries with incoming and outgoing cameras. Our current annual income cannot support an expense at this level.

Our City Liaison, Al Overholt, continues to work diligently with the city to advocate for street repairs. Woodcreek is especially bad and the temporary fixes are now failing. Al is working to get more repairs this fall. We'll update you as we know more. Also, the current speed humps on Woodcreek are no longer used by the city. We'll be presented with some options from the city as the repairs get closer. Residents on Woodcreek will be surveyed about 1) No speed bumps or 2) Standard speed bumps used currently?

Did you know that the city of Carrollton resides in three counties? Yes, Carrollton is in Dallas, Collin and Denton counties. Here's an update on the virus in our city. Information courtesy of:

### Opportunities to Assist the Community

**Donate Blood.** Please consider donating blood. Carter Bloodcare has a location in Addison on Beltline at Surveyor. I'm sure they would appreciate appointments, but walk-ins are welcome.  
<http://www.carterbloodcare.org/donate-blood/>

### Donate to Metrocrest Services

As you can imagine Metrocrest Services is seeing an increase in requests for support especially the food pantry. WNA donated \$1,000 this spring. Please consider a donation of any amount.  
<https://www.metrocrestservices.org/idonate.php>

**We Exist for You and Cannot Exist Without You!**

**Show your support of our neighborhood.**

**It's not too late to join WNA for 2020.**

**Membership starts at \$25. Join securely online at**

Thanks!

**Matthew**

# City of Carrollton Neighborhood Grant

Our 4th City of Carrollton grant was submitted before the June 30th deadline. Our proposed project is to renovate the walking bridge that connects the southern and northern parts of Woodcreek. We'll make some structural improvements, sand and paint the handrails and power wash/seal the deck boards. Additionally, we'll add lighting to the southern pathway leading to the bridge. And to beautify a bit, we'll add some decorative grass plantings at each end. Our president, Matthew Messner will present to the City of Carrollton Neighborhood Advisory Commission on September 10. We should know shortly thereafter if our project is approved-big competition this year. A **BIG thank you** to all who sent in letters and forms of support. We received many replies of support in just a few days.

Our first grant in 2001 was to add lights to the bridge and make some repairs
